The MISSION of Chula Vista Chamber of Commerce is to represent the business community in striving to preserve a working partnership of business and professional people that promotes, protects, and expands the free enterprise system, to enhance the members ability to conduct their individual businesses successfully, and to improve the economic stability of the community.

The Chamber has many roles; one of the most important of those is to act as a catalyst: a common vehicle through which all segments of the community can work together with other agencies for the common good of the entire community. A better community means better business. Other roles of the Chamber include being a government relations specialist, an economic developer and planner, a tourist and new resident information center and a public relations practitioner.

For more information on how you can be involved in the community or to request a membership packet, call us!
